About the college

C. Abdul Hakeem College was founded in 1965, as an affiliated college to the University of Madras and then affiliated to Thiruvalluvar University, Vellore. Since its inception in 1965 the college is managed by the Melvisharam Muslim Educational Society. The college is reaccredited by NAAC and became autonomous from the Academic Year 2014–2015.

The college offers UG & PG courses in History, Mathematics, Physics, Chemistry, Zoology and Commerce and also has UG courses in B.Com (Corporate Secretaryship), Computer applications, English (Lit) and Business Administration. Further M.Phil., and Ph.D., Programmes are offered by the Departments of Urdu, Tamil, English, History, Mathematics, Chemistry, Zoology, Economics and Commerce.

The College had the privileged honour of celebrating the Golden Jubilee in 2015. The college has come a long way on the track of higher education by conquering the golden milestones of luring popularity, trust of parents, inspiring appreciation from the Higher-Ups in the Department of education and so on.

About the Department

The Department of Chemistry was initiated as one of the earliest Departments in the year 1967. B.Sc. and M.Sc. programmes were introduced in 1970 and 1984 respectively. The Department was elevated to a Research Department in the year 1992 with provision made for offering M.Phil. (Full-Time & Part-Time) and the Ph.D., programme commenced in the Year 2010.

The Department has excellent infra structure and well qualified faculty members, who are engaged in active research in several segments of chemistry. Major Research Projects funded by UGC, DRDO & TNSCST are being carried out successfully by the Staff Members. Both Faculty Members and Research Scholars have published many research Papers in

National and International SCI journals and presented Papers at National and International Seminars/Conferences/Workshops.

The Government of India has accorded the Department the status of a DST-FIST sponsored Department with instrumental facilities such as FT-IR and UV-Visible spectrophotometer. The Department is well equipped with electrochemical work station, particle size analyzer, spincoater, probe sonicator and polishing machine, etc. The Department is striving for providing quality education and research training to Students to help them emerge on Top Researchers.

Focus on the Seminar

The One-Day State Level Seminar on “**Recent Trends in Materials Chemistry (RTMC - 2019)**” is aimed to make the forum where, students, researchers and industry personnel will discuss the materials and its applications in chemistry. The seminar will create an opportunity for young students and budding researchers to exchange their vibrant views.

Call for Papers

The Organizing Committee invites Papers from the faculty, students and research scholars for Oral Presentation and submit the same on or before 15.07.2019.
