About the college

C. Abdul Hakeem College was founded in 1965, as an affiliated college to the University of Madras and then affiliated to Thiruvalluvar University, Vellore, since its inception in 2005. The college is managed by Melvisharam Muslim Educational Society. The college is reaccredited by NAAC with 'A+' Grade and became autonomous from the academic year 2014 – 2015.

The college offers UG & PG courses in History, Mathematics, Chemistry, Zoology and Commerce and also has UG courses in Physics, B.Com (CS), B.Com (CA) Computer applications, English (Lit) and Business Administration. Further M.Phil., and Ph.D., programmes are offered by the department of Tamil, Urdu, English, History, Mathematics, Chemistry, Zoology and Commerce.

Established in 1965, celebrated the Golden Jubilee in 2015, the college has come a long way on the history of education by conquering the golden milestones of luring popularity, trust of parents, inspiring appreciation from the higher-ups in the department of education and so on.

About the Department

The department of chemistry was started as one of the earliest department in the year 1967. B.Sc. and M.Sc. programmes were started in 1970 and 1984 respectively. The department was elevated into a research department in the year 1992 by offering M.Phil. (Full-Time & Part-Time) and Ph.D., programme was started in the year 2010.

The department has excellent infra structure and well qualified faculty members, also engaged in active research in several areas of chemistry. Major research projects funded by UGC, DRDO & TNSCST are being carried out successfully by the staff members. Both faculty members and research scholars have published many research papers in National and International SCI journals

and presented papers in National and International seminars /conferences/workshops.

Government of India has accorded the department the status of DST-FIST sponsored department with instrumental facilities such as FT-IR and UV-Visible spectrophotometer. The department is well equipped with electrochemical work station, particle size analyzer, spincoater, probe sonicator and polishing machine, etc. The chemistry department is striving towards providing quality education and research training to the students.

Focus on the Seminar

The objective of this one-day State Level Seminar on “**Catalysis for Better Future**” is to make an opportunity where, students, researchers and industry personnel will deliberate about the Emerging Trends in the field of Catalysis.
